C. Psychiatric Examination. In addition to the Physician's Report, the FACILITY may require a report of a current psychiatric examination (the “Psychiatric Examination”) prior to move-in if the Resident is taking psychotropic drugs, or has a history of aggressive behavior, to determine if the Resident's needs can be met in an Assisted Living Program and to assist in the Resident's care plan. After move-in, the FACILITY may require a psychiatric consultation when the FACILITY, along with the Resident's personal physician, determines that the Resident's health condition warrants. Failure to comply with the request for a consultation after move-in may result in a termination of this Agreement.

D. Assessment. The level of assisted living services required by the Resident is determined through an assessment (“Assessment”) of the Resident. The Assessment is performed by

designated team member/s and includes an evaluation of each Resident's specific needs. It covers areas such as: mobility, skin care, eating habits, oral hygiene, continence, cognitive behavior, and medication. This Assessment, along with the Physician's Report, provides the basis for identifying the Resident's Service Level.

F. Change in Resident's Condition. If the Resident's condition changes so that the previously assessed level of services is no longer appropriate, the FACILITY will reevaluate the Resident's needs to determine which level of service is appropriate and notify the Resident/Responsible Party of such reevaluation. The rate charged will vary according to the level of service provided. Should the Resident wish to decrease the services received, prior approval from the FACILITY is required. Changes in services provided will be reflected in a revised service plan.

G. Notification of Third Parties. In the event that the Resident requires emergency services or experiences a significant change in condition, the FACILITY will attempt to contact the Responsible Party or other individual designated by the Resident, immediately. The Resident shall indemnify the FACILITY and its owners, directors, agents, employees and contractors against any losses, costs, expenses, claims, liabilities, damages, or judgments, including without limitation, legal fees, court costs, expert fees, and similar expenses incurred, which may be asserted against, imposed upon or incurred by the other party as a result of the negligence or intentional conduct of the third-party contractor. The FACILITY reserves the right to bar any third-party contractor from the FACILITY.

The Resident hereby indemnifies, holds harmless and releases the FACILITY and its owners, directors, agents, employees, and contractors from any and all liability, cost, and responsibility for injury and damage, including attorneys' fees, arising from the Resident's failure to obtain, or from the failure of others to furnish, nursing, health care or personal care services, and from all injury and damages which could have been avoided or reduced if such services had been obtained or furnished or as a result of the Resident/Responsible Party's negligence, intentional wrongdoing or breach of his/her contractual obligations.

A2. Waiver of Liability. The Resident shall indemnify and hold harmless the FACILITY, its owners, officers, directors, members, affiliates, employees, contractors, and agents (collectively "Owners") from and against any and all costs, expenses, damages, losses, claims, demands, and liabilities of any kind (including reasonable attorney fees) (collectively "Damages") arising from or in connection with any acts or omissions of the FACILITY or the Resident, unless such Damages resulted solely from the willful or grossly negligent misconduct of the FACILITY. Such Resident acts or omissions shall include, but not be limited to, the Resident's refusal to accept personal care, medical care, or other treatment, or any other item or service deemed

necessary by the FACILITY or by any other treating health professional. The Resident, Designated Person, and the Resident's Power of Attorney acknowledge that the FACILITY is a residential living environment, not a skilled care or medical facility. Residents may suffer falls or other injuries from choosing to live in a residential environment, but this does not constitute inadequate care, negligence, or any other fault on part of the FACILITY, its staff, administrators, and owners. Resident recognizes that the FACILITY, its staff, administrators, and owners do not have total control over the acts of other residents, visitors, or outside subcontractors, or the ability to provide total assurance of physical safety from injuries. The resident plays a significant role in his or his own care and safety, and the FACILITY does not make any guarantees regarding the health of residents. In spite of best efforts by the FACILITY, it is possible for the Resident to be injured just as if the Resident were living in the Resident's own home. The Resident, the Resident's heirs, assigns, POA's, or Designated Person, waive all claims for injuries to the Resident or any other person in and about the FACILITY and will hold the FACILITY harmless for any damage or injury to any person arising from the use of the premises by Resident. Residents with a diagnosis of dementia and/or behavior of eloping from the building are at risk to injuries and /or death from a variety of possible causes, including the weather, automobiles, accidents, etc. that are beyond the control of the FACILITY. The Resident, his or his heirs, assigns, POA's, or Designated Persons waive all claims for injuries to person in and about the FACILITY and will hold The FACILITY harmless for any damage or injury to any person arising from the elopement from the premises by Resident.
